Selectmen's Meeting

JANUARY 29, 1985 - by VIRGINIA ARRAL

RAPE CRISIS PROJECT SEEKS TOWN FUNDING

Priscilla Trudeau of the New Bedford Rape Crisis Project met with Selectmen last Tuesday to outline the service the project has given to persons in New Bedford and eight surrounding towns (including Mattapoisett) in the past 18 months.

Mrs. Trudeau noted the project was entirely funded by New Bedford in its first year. This year, she said, "we received $35,000 from the New Bedford Community Development (federal money) and with an $85,000 budget, we need to raise $50,000." She noted the project is hoping to receive about $40,000 from state funds and is looking for a commitment from each town of about $3,000. (The eight towns are Fairhaven, Marion, Mattapoisett, Dartmouth, Rochester, Westport, Wareham and Acushnet.)

Selectmen Chairman John DeCosta asked Mrs. Trudeau to prepare a detailed report so the board can prepare an article for the annual town meeting. Selectman Frank Suzan requested a breakdown of how many (not by name) Mattapoisett residents have been served.

Mrs. Trudeau said this is a serious subject that has been kept "under the carpet a long time, but has surfaced recently since the nationally publicized rape case in New Bedford". She noted this problem is not all on the streets - many of the rapes occur in the home. She continued, saying, "An FBI report states we are in epidemic proportions in reported

Your VCR can find happiness without leaving home.

If you think the only way you can keep your VCR happy is by scouring the countryside for video stores, you obviously do not have cable. Or if you do you are not aware of what a dynamite combination the two can make.

With cable, every month you have access to dozens of new films, concerts and one-of-a-kind specials featuring top celebrities from the world of sports, music, comedy and theatre. Exciting performances that will never see the inside of a video store. Taping off cable channels for personal use is legal, free and easy.

If you have a VCR and Cable and are having trouble getting them together, call us at 748-2400 or 291-0553 and we'll help. If you don't have Cable, why not look into it? It's the best friend any VCR ever had.

rape cases -- 1 out of 3 children under 18 have been raped; 1 out of 4 females will be raped in their lifetime; 1 out of 7 boys in their lifetime and 1 out of 10 households will be involved in incestuous relationships."

The New Bedford project is the first sexual abuse center in this area and has been in operation for 18 months at the Women's Center on County Street. Mrs. Trudeau said the project has serviced 140 persons during that time and expects to increase to 250 in the future. The project has a staff of two full-time and three part-time employees and many volunteers to man the 24-hour hot line - 996-6656. Among the services are acting as an advocate in court and at the hospital, counseling and educating the public by speaking in schools and other groups.

TAX BILLS - OUT IN MARCH?

Tax bills may not be coming out until March, Assessor John Gibbons told Selectmen. "Everything is pretty much out of our hands now." McGee and McGann have done the evaluations - hearings have been held - the cards have gone to Boston. Next, the cards have to come back to use for review, then back to Boston, and then the final bills will be sent out. "We are pretty well complete and should be ready by mid-March."

Chairman DeCosta asked when those people who had hearings on their evaluations would receive a reply. Gibbons said they won't hear anything until they get their tax bills. Then, they can file for an abatement, if they are not satisfied.

DeCosta also asked if the town can ever go back to putting out bills like it used to - now they go out later and later. Gibbons replied, no, not as long as the evaluation firm and the state are involved.

Kathleen Briggs, Town Treasurer, explained she has had to budget $40,000 for interest. "I have to cover myself", she explained. "We paid out $10,000 last year in interest. Even if the tax bills do go out in March we would still have to borrow."

MET WITH MEMBERS of the Board of Health to discuss fees for landfill dumping. Daniel Lee, board chairman, told the Selectmen he has checked fees charged in area towns and based on the results offers the following suggestions: Resident stickers, $1.00 per vehicle for two years; $5.00 for 5000 pound truck; DEMOLITION ONLY - $5.00 per load for 6-wheel truck, $20.00 per load for 10-wheel dump or platform, $50.00 per load for 18-wheel dump and $50.00 for large container. Common refuse hauler (packer) will be $100.00 per year. Non-residents (out-of-town material) will not be allowed. Stumps, tires and rocks will not be allowed.

Although one of the recommendations was not to allow stumps, board member John Bowman said he felt "we can handle stumps -- it's the tires and large boulders we don't want."

DeCosta asked how the health board is handling loads by out-of-town trucks. Lee explained the truck drivers would have to come to the Town Hall to pay for a permit designating the load and then it will be collected at the landfill site by the attendant.

A public meeting will be scheduled to allow the Selectmen and Health Board of make known the proposed charges and to hear the opinions of residents.

APPROVED THE RECOMMENDATION of Police Chief James Moran to allow Officer Paul Silveira to attend the Barnstable Police Academy for 11 weeks starting February 11th.

ACCEPTED WITH REGRET the resignation of Annie M. Porter from the Board of Directors of the Mattapoisett Housing Authority, effective immediately.

Representative John Bradford has office hours as follows: Acushnet, 10:30 a.m., February 9th, Saturday; Marion, 7 p.m., Tuesday, February 5th; and Fairhaven, Thursday and Friday, 10 a.m. to 1 p.m., February 7th and 8th.

Letter to the Editor

This letter is addressed to not only the people of the 10th Bristol District which includes the towns of Acushnet, Fairhaven, Marion, Mattapoisett Rochester, which I am honored to serve as State Representative, but to all who want to see more open government.

As part of a campaign platform to commit myself to regular public meetings, I have begun a program in each of the five towns on a rotational basis. This program began in my home town of Rochester on January 14th. Since then I have held office hours in Acushnet (Saturday 10:30 a.m. to 11:30 a.m.) on January 19, Fairhaven (7:30 p.m. to 7:30 p.m.) on January 21, and day hours in Fairhaven at the Town Hall. So far, only 2 people have come in to talk to me about their problem or as to how government functions. My aide Jeff Souza and I have seen no one during our day hours at Fairhaven (10 a.m. to 1 p.m.).

Chess Team

The ORR Chess Team rolled to its sixth victory of the season by defeating Dartmouth High School 5-0 on January 24th. It was ORR's fifth shut-out in six matches. ORR's record in the league is now 6-0. Winning for ORR were Bill Smirnov (captain), Tom Shire, Erik Sylvia, Tom Jackivicz and Alain Maissen.

The next match is scheduled for February 4th against Fairhaven (away). Fairhaven has been the only team to win a single game against ORR this season with ORR defeating them 4-1 earlier in the year. ORR will be looking to keep its "shut-out" record alive.

New Find in Milky Way

A new discovery near the edge of the detectable universe may be useful in understanding the mystery of the Quaser. Dr. David Helfand of Columbia University working with Robert Becker of the University of California were studying objects - bits of energetic material in space thought to be supernova remnants which produce radio waves. Using the radio telescope in New Mexico called the Very Large Array, a unit consisting of 27 large dish antennas, they found that two of the signals were something different. These were a point source of radio waves with a trail of radio waves that widens and then fades, presumed to be produced by a jet of electrons, according to the discoverers.

Quasars are generally found at a distance of a billion light years from earth (a light year is the distance light traveling at 186,000 miles per second can travel in a

year - about 6 trillion miles). These new objects were found comparatively close at 20,000 light years from earth, Helfand is reported to say. According to a popular theory, the enormous bursts of energy emitted by Quasar may occur when stars and clouds of gas are swallowed by a black hole. This matter swirls around the hole in an accretion disc and spirals to the center, according to theory.

The new discovery, revealed by the radio telescope, is so much closer than previous phenomena that it may prove useful in understanding the mystery of the Quasar.

The report of the discovery by Helfand and Becker appeared in the January issue of "Nature", a British scientific journal. David Helfand is a Mattapoisett native, the son of Barney Helfand of Mattapoisett and the late Mary Helfand.

The Hospice is in need of donations in the way of desks, desk chairs, bookcases, lamp lights, and other office equipment. Donations would be most appreciated.

At present there is a lending closet available for the use of patients and their families containing medical equipment donated for other families to use. It is a "patient to patient" lending arrangement.

As evidenced by the four grants recently received by the hospice association, the federal government really supports this project. These grants will enable the organization to grow and serve its communities even more than it has in the past. For further information regarding the Wareham Area Hospice Association please contact their office at 295-0880, ext. 298.

Scott Joplin, who lived from 1868-1917, left several dozen piano rags, songs, waltzes, dance music, marches, and two operas, one of which, "Treemonisha", has been preserved and recorded in the late 1970's.

Joplin became known overnight by the use of his music for the very clever and most successful movie, "The Sting", in 1974. Some of the music from that film will be heard on this program.

Soloist for the evening is Jean Rife, principal French horn with the Rhode Island Philharmonic, performing the Strauss Horn Concerto No. 1.
